

## History of auditing for ISO 14064

The Brother Group is subject to audit based on ISO 14064 that provides guidelines for measuring and verifying emissions of greenhouse gases (GHGs) of all the Brother Group.

## History of auditing for ISO 14064-1

FY2020(April 1, 2020 – March 31, 2021): We are undergoing audit after the scope of aggregation was expanded in June 2021. During the same period, we are undergoing reaudit as the method of calculation for categories 1, 11, and 12 of Scope 3 was revised for FY2015 to FY2019.

FY2019(April 1, 2019 - March 31, 2020): We underwent an audit in July 2020.

FY2018(April 1, 2018 - March 31, 2019): We underwent an audit in June 2019.

FY2017(April 1, 2017 – March 31, 2018): After an audit in June 2018, we underwent another audit due to expanding the scope of aggregation in 2019.

FY2016(April 1, 2016 – March 31, 2017): After an audit in 2017, we underwent another audit due to expanding the scope of aggregation in 2018. We received further audit to review calculation method partly in 2018, and underwent another audit with expanding the scope of aggregation in 2019.
